

**Augu aizsardzības terminoloģijas darba grupas sanāksmēs apstiprināto terminu saraksts**

<i>Nr.</i>	<i>EN</i>	<i>Context, definition</i>	<i>TermRef</i>	<i>LAT</i>	<i>FR</i>	<i>DE</i>	<i>LV</i>
1.	absorption spectra		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, Annex 1				absorbcijas spektrs
2.	acaricide		Commission Directive 94/37/EC of 22 July 1994 amending Council Directive 91/414/EEC concerning the placing of plant protection products on the market, Annex 1				akariķīds
3.	acceptable daily dose, acceptable daily intake, allowable daily intake, ADI, ADD		Commission Directive 2001/36/EC of 16 May 2001 amending Council Directive 91/414/EEC concerning the placing of plant protection products on the market		dose journalière acceptable, DJA	annehmbare Tagesdosis, annehmbare taegliche Dosis, ADI	pieļaujamā dienas deva, PDD
4.	active substance		Commission Regulation (EEC) No 3600/92 of 11 December 1992 laying down the detailed rules for the implementation of the first stage of the programme of work		principe actif	Wirkstoff	aktīvā viela, darbīgā viela

			referred to in Article 8 (2) of Council Directive 91/414/EEC concerning the placing of plant protection products on the market				
5.	agent	It is necessary to lay down specific animal health conditions and model certificates for those third countries, taking into account the animal health situation of the third country concerned and of the fish, eggs or gametes to be imported, in order to prevent the introduction of disease agents that could cause significant impact to the fish stock in the Community	Commission Decision of 21 November 2003 laying down the animal health conditions and certification requirements for imports of live fish, their eggs and gametes intended for farming, and live fish of aquaculture origin and products thereof intended for human consumption (notified under document number C(2003) 4219) (Text with EEA relevance) (2003/858/EC)		agent pathogène	Krankheitserreger	ierosinātājs, slimības ierosinātājs
6.	alkaline solution, basic solution		Council Directive 91/689/EEC of 12 December 1991 on hazardous waste		solution de base, solution basique	Basislösung, basische Lösung	sārmains šķīdums, bāzisks šķīdums
7.	ambient temperature		Council Directive 1999/36/EC of 29 April		température ambiante	Umgebungstemperatur	apkārtējā temperatūra, apkārtējās vides

			1999 on transportable pressure equipment				temperatūra
8.	application rate		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, Annex II				deva
9.	attrition	Particle size distribution, content of dust/fines, attrition and friability; DFE: [n] <u>the wearing down of rock particles by friction due to water or wind or ice</u> . DRE: Hyperdictionary	Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, Annex II		usure	Abrieb	sabirzumi
10.	authorisation of plant protection products	DFE: Administrative act by which the competent authority of a Member State authorises, following an application submitted by an applicant, the placing on the market of a plant protection product	White Paper: p.143		terminam		augu aizsardzības līdzekļu reģistrācija

		in its territory or in a part thereof. DRE: Council Directive 91/414/EEC concerning the placing of plant protection products on the market, OJ L 230/91, p.4					
11.	bark		Council Directive of 21 December 1976 on protective measures against the introduction into the member states of harmful organisms of plants or plant products (77/93/EEC), Article 2				miza
12.	beaker	WEIGH OUT 2,016 G OF MAGNESIUM OXIDE FOR ANALYSIS, PREVIOUSLY CALCINED AT 600 * C FOR TWO HOURS. PLACE IT IN A BEAKER WITH 100 ML OF WATER. STIR IN 120 ML OF APPROXIMATELY IN HYDROCHLORIC ACID;	Directive 77/535/EEC on the approximation of the laws of Member States relating to methods of sampling and analysis for fertilizers		bécher	Becherglas	vārglāze

		DFE: A flatbottomed jar made of glass or plastic; used for chemistry. DRE: TheFreeDictionary.com.;DFL: Glāzei līdzīgs trauks (kā) vārīšanai. DRL: Latviešu literārās valodas vārdn.					
13.	beneficial organism		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, Annex III				derīgais organisms
14.	binder		Commission Regulation (EC) No 2031/2001 of 6 August 2001, amending Annex I to Council Regulation (EEC) No 2658/87 on the tariff and statistical nomenclature and on the Common Customs Tariff		liant	Bindemittel	saistviela
15.	boiling point, boiling-point, bp		Commission Regulation (EEC) No 2568/91 of 11 July 1991 on the characteristics of olive oil and olive-residue oil and on the relevant methods of analysis				viršanas punkts, viršanas temperatūra, virš. p.

16.	bound residues	Extent and nature of bound residues; NOE: Unextractable or "bound" residues (BR) are often formed in substantial quantities after incubation of pesticides in soil or in sediment  NRE: TNO Nutrition and Food Research, Glossary	Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, II Annex Part A 7.1.4.		résidus liés	gebundenen Rückstände	saistītās atliekas
17.	buffer		Commission Directive 2001/36/EC of 16 May 2001 amending Council Directive 91/414/EEC concerning the placing of plant protection products on the market		tampon	Puffer	bufervielā
18.	bufferzone, buffer zone	It is advised to make the profile description according to the FAO guidelines for profile descriptions (FAO, 1990) in the bufferzone	Commission Regulation (EEC) No 926/93 of 1 April 1993 amending Regulation (EEC) No 1696/87 laying down certain detailed rules for the implementation of Council Regulation (EEC) No 3528/86 on the protection of the Community's forests		zone tampon	Pufferzone	buferzona

			against atmospheric pollution				
19.	check on identity		Council Directive of 21 December 1976 on protective measures against the introduction into the member states of harmful organisms of plants or plant products (77/93/EEC), Article 11				identitātes pārbaude
20.	climatic conditions		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, Preamble		conditions climatiques	klimatische Verhältnisse	klimatiskie apstākļi
21.	co-formulant		Commission Directive 94/79/EC of 21 December 1994 amending Council Directive 91/414/EEC concerning the placing of plant protection products on the market, Annex				līdzformulants
22.	contaminate	Member States shall ban the introduction into their territory of the plants and plant products listed in Annex ii, part a, where they	Council Directive of 21 December 1976 on protective measures against the introduction into the member states of harmful organisms of plants or plant products (77/93/EEC), Article 3		contaminé		inficēt, invadēt

		are contaminated by the relevant harmful organisms listed in that part of the Annex					
23.	cosolvent						līdzšķīdinātājs
24.	danger of the introduction of harmful organisms		Council Directive of 21 December 1976 on protective measures against the introduction into the member states of harmful organisms of plants or plant products (77/93/EEC), Preamble				kaitīgo organismu ieviešanās draudi
25.	danger of the spread of harmful organisms		Council Directive of 21 December 1976 on protective measures against the introduction into the member states of harmful organisms of plants or plant products (77/93/EEC), Preamble				kaitīgo organismu izplatīšanas draudi
26.	decline in yields		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, Preamble				ražas samazināšanās
27.	degradation	one or more substances present in or on plants or products	Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant		dégradation	Abbau	degradācija; noārdīšanās

		of plant origin, edible animal products or elsewhere in the environment and resulting from the use of a plant protection product, including their metabolites and products resulting from their degradation or reaction	protection products on the market, Article 2				
28.	demineralized water		Directive 77/535/EEC on the approximation of the laws of Member States relating to methods of sampling and analysis for fertilisers, Method 2		eau déminéralisée	entmineralisiertes Wasser	demineralizēts ūdens
29.	disinfection measure	DFE: Process to render harmless or remove certain microorganisms, e.g. pathogenic. DRE: Eurodicautom					dezinfekcijas pasākums
30.	dispersing agent	For added components, other than active substance and	Commission Directive 94/37/EC of 22 July 1994 amending Council Directive 91/414/EEC		agent dispersant	Dispergiermittel	disperģejošs aģents

		<p>other than impurities resulting from the manufacturing process, the function of the component (additive) must be given: - dispersing agent;</p> <p>DFE: Surface-active substance used to facilitate the suspension of solid compounding materials in a liquid medium and to stabilize the dispersion thereby produced. DRE: SpecialChem Glossary</p>	concerning the placing of plant protection products on the market				
31.	dissociation constant		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, Annex				disociācijas konstante
32.	dry sieve test	Wet sieve test and dry sieve test; DFE: The dry sieve test is designed to determine the	Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on		test du tamis sec	Trockensiebtest	usā sieta tests

		particle size distribution of dustable powders and granules that are intended for direct application, to ensure acceptable application. DRE: NATIONAL REGISTRATION AUTHORITY FOR AGRICULTURAL AND VETERINARY CHEMICALS	the market, III Annex 2.8.4				
33.	dustability	Flowability, pourability and dustability	Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, III Annex 2.8.9.		transformation en poussière	Verstäubbarkeit	putēšana
34.	dye, dyestuff		Regulation (EC) No 2037/2000 of the European Parliament and of the Council of 29 June 2000 on substances that deplete the ozone layer		teinture, colorant	Färbemittel, Farbstoff	krāsviela
35.	ecotoxicological		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, Article 4				ekotoksikoloģisks

36.	elucidation of metabolic pathways		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, II Annex Part A 5.6.2.				vielmaiņas/metabolisma ceļu izskaidrošana
37.	emergency measure		Council Directive 96/82/EC of 9 December 1996 on the control of major-accident hazards involving dangerous substances		mesure d'urgence, conduite d'urgence, action d'urgence	Notmassnahme, Notfallmassnahme, Dringlichkeitsmaßnahme	ārkārtas pasākums, neatliekams pasākums
38.	empirical formula		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, II Annex Part A 1.7.				empīriskā formula
39.	emulsifiable concentrate	Physical state and nature of the plant protection product (emulsifiable concentrate, wettable powder, etc. );  DFE: Emulsifiable Concentrate (EC): A pesticide formulation consisting of an	Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market		concentré émulsionnable	emulgierbares Konzentrat	emulsijas koncentrāts

		active ingredient and an emulsifying agent in an organic solvent. DRE: Absorption Glossary					
40.	environmental conditions		Council Decision of 19 June 1978 concerning the conclusion of the European convention for the protection of animals kept for farming purposes (78/923/EEC), 5				vides apstākļi
41.	EPPO, European and Mediterranean Plant Protection Organisation		White Paper, Annex: p.134				EAAO, Eiropas un Vidusjūras Augu aizsardzības organizācija
42.	Europhyt network						<i>Europhyt</i> tīkls
43.	excretion	it must be remembered that information on interspecies differences may be crucial in extrapolation of animal data to man and information on percutaneous penetrationabsorption, distribution, excretion and metabolism may be useful in operator risk assessments;	Commission Directive 94/79/EC of 21 December 1994 amending Council Directive 91/414/EEC concerning the placing of plant protection products on the market, Annex		excrétion	Ausscheidung	izdalīšana, ekskrecija

		DFE: Discharge or elimination of an absorbed or endogenous substance or of a waste product, and/or their metabolites, through some tissue of the body and its appearance in urine, feces, or other products normally leaving the body. DRE: Biomonitoring Glossary					
44.	eye irritation		Commission Directive 94/79/EC of 21 December 1994 amending Council Directive 91/414/EEC concerning the placing of plant protection products on the market, Annex				acu kairinājums
45.	fine particles		Directive 77/535/EEC on the approximation of the laws of Member States relating to methods of sampling and analysis for fertilisers, Article 5				smalkas daļiņas

46.	flammability	Flammability including auto-flammability and identity of combustion products	Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, Annex				uzliesmojamība, uzliesmošanas spēja
47.	flash point		COMMISSION DIRECTIVE 1999/47/EC of 21 May 1999 adapting for the second time to technical progress Council Directive 94/55/EC on the approximation of the laws of the Member States with regard to the transport of dangerous goods by road		point d'éclair	Flammpunkt	uzliesmošanas temperatūra, uzliesmošanas punkts
48.	flask, bulb		Commission Regulation (EC) No 502/1999 of 12 February 1999 amending Regulation (EEC) No 2454/93 laying down provisions for the implementation of Council Regulation (EEC) No 2913/92 establishing the Community Customs Code		ampoule	Glaskolben	kolba

49.	food chain	The products, processed animal proteins produced from these fur animals cannot enter the food chain and the feeding thereof is prohibited to farmed animals which are kept, fattened or bred for the production of food	Council Directive 2001/102/EC of 27 November 2001 amending Directive 1999/29/EC on the undesirable substances and products in animal nutrition (Text with EEA relevance)				barības ķēde
50.	formulant		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, 4.c)				formulants
51.	fraction		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, Annex II				frakcija
52.	friability		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, Annex II				irdenums
53.	fumigant		Council Directive 91/414/EEC of 15 July				fumigants

			1991 concerning the placing of plant protection products on the market, II Annex Part A 7.2.3.				
54.	fungicide		Commission Directive 94/37/EC of 22 July 1994 amending Council Directive 91/414/EEC concerning the placing of plant protection products on the market				fungicīds
55.	harmful organism		Convention Implementing the Schengen Agreement of 14 June 1985 between the Governments of the States of the Benelux Economic Union, the Federal Republic of Germany and the French Republic, on the gradual abolition of checks at their common borders (1990), Art. 121.2		organisme nuisible	Schadorganismus	kaitīgs organisms, kaitīgais organisms
56.	hazard symbol	DFE: Symbol which indicates whether a product is dangerous or toxic and serves as a warning. There are a total of six symbols. For example, a skull					bīstamības simbols

		symbolizes danger to human life; a cross symbolizes the risk of poisoning or irritation, etc. Other symbols stand for inflammability, heat sources, fire and explosion. They are the same in all countries of the European Union, so that consumers can immediately get the message without having to read a text. DRE: European Consumer Guide to the Single Market, European Commission, 1994					
57.	herbicide		Commission Directive 94/37/EC of 22 July 1994 amending Council Directive 91/414/EEC concerning the placing of plant protection products on the market				herbicīds
58.	hydrolysis rate		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant				hidrolīzes ātrums

			protection products on the market, Annex 1				
59.	imminent phytosanitary danger						nenovēršami fitosanitārie draudi
60.	impurity		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market				piesārņojums, piemaisījums
61.	indications of danger	Proposals including justification for the proposals for the classification and labelling of the active substance according to Council Directive 67/548/EEC: - Indications of danger	Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, Annex III		indications du danger	Hinweise auf Gefahren	bīstamības norādes
62.	infectivity		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, Annex				inficētspēja
63.	inhalation		Commission Directive 94/79/EC of 21 December 1994 amending Council Directive 91/414/EEC				ieelpošana

			concerning the placing of plant protection products on the market, Annex				
64.	insecticide		Commission Directive 94/37/EC of 22 July 1994 amending Council Directive 91/414/EEC concerning the placing of plant protection products on the market, Annex I				insekticīds
65.	International Code of Conduct on the Distribution and Use of Pesticides						Starptautiskais pesticīdu izplatīšanas un izmantošanas kodekss
66.	International Plant Protection Convention, IPPC		Council Directive of 21 December 1976 on protective measures against the introduction into the member states of harmful organisms of plants or plant products (77/93/EEC), Preamble				Starptautiskā augu aizsardzības konvencija, SAAK
67.	intraperitoneal		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, II Annex Part A 5.1.4.				intraperitoniāls
68.	introduction of		Council Directive of 21				kaitīgo organismu

	harmful organisms		December 1976 on protective measures against the introduction into the member states of harmful organisms of plants or plant products (77/93/EEC), Preamble				ievešana
69.	manifestations of toxicity		Commission Directive 94/79/EC of 21 December 1994 amending Council Directive 91/414/EEC concerning the placing of plant protection products on the market, Annex				toksiskuma izpausmes
70.	metabolic pathway		Commission Directive 94/79/EC of 21 December 1994 amending Council Directive 91/414/EEC concerning the placing of plant protection products on the market, Annex				vielmaiņas/metabolisma ceļš
71.	microbiological purity		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, Annex III				mikrobioloģiskā tīrība
72.	micro-organism	DFE: Any microbiological					mikroorganisms

		entity, cellular or non-cellular, capable of replication or of transferring genetic material. DRE: Council Directive 90/219/EEC on the contained use of genetically modified micro-organisms, OJ L 117/90, p.2					
73.	molecular extinction	Absorption spectra (UV/VIS, IR, NMR, MS), molecular extinction at relevant wavelengths	Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, II Annex Part A 2.4.		extinction moléculaire	molare Extinktion	molekulārā ekstinkcija
74.	monitoring regime	no symptoms of Tomato yellow leaf curl virus have been observed on the place of production and the place of production has been subjectet to an appropriate treatment and monitoring regime to ensure freedom from <i>Bemisia tabaci</i> Genn.	2000/29/EEC ANNEX IV A daļa, I iedaļa 45.1.				monitoringa režīms
75.	mutagenicity		Commission Directive				mutagenitāte

			94/79/EC of 21 December 1994 amending Council Directive 91/414/EEC concerning the placing of plant protection products on the market, Annex				
76.	mutual supply of information		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, Preamble				savstarpēja informācijas apmaiņa
77.	mycoplasma		Council Directive of 21 December 1976 on protective measures against the introduction into the member states of harmful organisms of plants or plant products (77/93/EEC), Article 2				mikoplazma
78.	necessary waiting period		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, Annex III				nepieciešamais nogaidīšanas laiks
79.	nematicide		Commission Directive 94/37/EC of 22 July 1994 amending Council Directive 91/414/EEC concerning the placing				nematicīds

			of plant protection products on the market, Annex 1				
80.	non-target species	<p>information to the effect that the plant protection product may be used when bees or other non-target species are active, or when crops or weeds are in flower or other such phrases to protect bees or other non-target species may be given on the label, if the authorization relates explicitly to use during the season for bees or other specified organisms and presents minimal hazard to them;</p> <p>DFE: A species affected by a pesticide application but not intentionally targeted. DRE: QUI CK GLOSSARY FOR WEED CON TROL</p>	Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, 4.b)v)		espèces qui ne sont pas visées	Arten, die nicht bekämpft werden sollen	ārpasmērķa sugas
81.	occasional checks	carried out at	Council Directive of 21		contrôles	gelegentliche	gadījuma pārbaudes,

		random and without any discrimination in respect of the origin of the plants, plant products or other objects, and in accordance with the following provisions: - occasional checks, at any time and at any place where plants, plant products or other objects are moved	December 1976 on protective measures against the introduction into the member states of harmful organisms of plants or plant products (77/93/EEC), Preamble		occasionnels	Stichkontrollen	neplānotas pārbaudes
82.	official examination	none of the fruits harvested in the field of production has shown, in appropriate official examination, symptoms of this organism.	2000/29/EEC ANNEX IV A daļa, I iedaļa 16.3				oficiāla pārbaude
83.	official control and examination regime	in accordance with an official control and examination regime, no symptoms of <i>Xanthomonas campestris</i> (all strains pathogenic to Citrus) have been observed in the field of production and in its immediate vicinity since the beginning of the last cycle of vegetation	Council Directive 2000/29/EC of 8 May 2000 on protective measures against the introduction into the Community of organisms harmful to plants or plant products and against their spread within the Community				oficiāls kontroles un pārbaūžu režīms

84.	officially supervised control regime	— in accordance with an official control and examination regime, no symptoms of <i>Xanthomonas campestris</i> (all strains pathogenic to Citrus) have been observed in the field of production and in its immediate vicinity since the beginning of the last	Council Directive 2000/29/EC of 8 May 2000 on protective measures against the introduction into the Community of organisms harmful to plants or plant products and against their spread within the Community				oficiāli uzraudzīts kontroles režīms
85.	official statement	In the case of the derogations provided for in paragraph 1, an official statement that the conditions for granting the derogation are fulfilled shall be required for each individual case	Council Directive 2000/29/EC of 8 May 2000 on protective measures against the introduction into the Community of organisms harmful to plants or plant products and against their spread within the Community				oficiāls apliecinājums
86.	official testing	— either officially certified under a certification scheme requiring them to be derived in direct line from material which has been maintained under appropriate conditions and subjected to official testing for at least	First Commission Directive 80/1335/EEC of 22 December 1980 on the approximation of the laws of the Member States relating to methods of analysis necessary for checking the composition of cosmetic products				oficiāla testēšana

		Apple proliferation mycoplasma using appropriate indicators or equivalent methods and has been found, in these tests, free from that harmful organism,					
87.	oral	to perform inhalation studies instead of oral studies	Commission Directive 94/79/EC of 21 December 1994 amending Council Directive 91/414/EEC concerning the placing of plant protection products on the market				orāls, iekšķīgs
88.	organic solvent		Council Regulation (EEC) No 2658/87 of 23 July 1987 on the tariff and statistical nomenclature and on the Common Customs Tariff				organisks šķīdinātājs
89.	overspray study	Overspray study (if toxic to fish or other aquatic organisms and persistent in water) to assess risks to aquatic organisms under field conditions	Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, III Annex 10.2.3.		Étude portant sur les brumes de pulvérisation		apsmidzinājuma pētīšana
90.	oxidizing properties		Council Directive 91/414/EEC of 15 July		propriétés comburantes	brandfördernde Eigenschaften	oksidēšanās īpašības

			1991 concerning the placing of plant protection products on the market				
91.	particle size		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, III Annex 2.8.6.		granulometrie	Körnung	daļiņu izmērs
92.	partition coefficient		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, II Annex Part A 2.7.				sadalīšanās koeficients
93.	pathogen	DFE: Any germ, bacterium, virus, parasite or fungus that may be pathogenic, that is, can cause disease. DRE: Eurodicautom	Council Directive of 21 december 1976 on protective measures against the introduction into the Member States of harmful organisms of plants or plant products (77/93/EEC), Article 2				patogēns
94.	pathogenicity		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, Annex				patogenitāte
95.	percutaneous		Commission Directive				iekļūšana caur ādu

	penetration		94/79/EC of 21 December 1994 amending Council Directive 91/414/EEC concerning the placing of plant protection products on the market				
96.	perfume, odour, smell		Commission Regulation (EEC) No 2568/91 of 11 July 1991 on the characteristics of olive oil and olive-residue oil and on the relevant methods of analysis				smarža, smaka
97.	period of grace		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, Article 4				papildperiods, termiņa pagarinājums
98.	persistent foaming		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, Annex II				putošanās noturīgums
99.	pest population	the rational application of a combination of biological, biotechnological, chemical, cultural or plant-breeding	Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, Article 2		organismes nuisibles	Schadorganismen	kaitēkļu populācija

		measures whereby the use of chemical plant protection products is limited to the strict minimum necessary to maintain the pest population at levels below those causing economically unacceptable damage or loss					
100.	pest-free zone						kaitēkļbrīva zona
101.	pesticide	DFE: A product or substance used in the control of pests such as vermin, mosquitoes, moulds, and weeds, all of which may affect public health or attack resources of use to man. DRE: A. Porteous, Dictionary of environmental science and technology, John Wiley & Sons, 1995	White Paper, Annex: p.150				pesticīds

102.	pesticide residue	DFE: A substance in food or in the environment resulting from the use of a pesticide. The term includes any specified derivatives, such as degradation and conversion products, metabolites and reaction products, which are considered to be of toxicological significance. DRE: Eurodicautom					pesticīdu atliekas
103.	pest,,harmful organism		Council Directive of 21 December 1976 on protective measures against the introduction into the member states of harmful organisms of plants or plant products (77/93/EEC), Article 2				kaitīgs organisms, kaitēklis
104.	photochemical degradation		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, II Annex Part A 2.8.				fotoķīmiskā degradācija, fotoķīmiskā noārdīšanās

105.	phytopathogenicity		Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market, Annex III				fitopatogenitāte, slimību ieņēmība
106.	phytosanitary certificate		Council Directive of 21 December 1976 on protective measures against the introduction into the member states of harmful organisms of plants or plant products (77/93/EEC), Preamble				fitosanitārais sertifikāts
107.	phytotoxicity		Commission Directive 94/37/EC of 22 July 1994 amending Council Directive 91/414/EEC concerning the placing of plant protection products on the market, Annex				fitotoksiskums
108.	place of production	no signs of the relevant organism have been observed at the place of production and in its immediate vicinity since the beginning of the last complete cycle of vegetation, on official inspections carried out at least monthly during the three months prior to	Council Directive 2000/29/EC of 8 May 2000 on protective measures against the introduction into the Community of organisms harmful to plants or plant products and against their spread within the Community				audzēšanas vieta, ražošanas vieta

		harvesting, and none of the fruits harvested at the place of production has shown, in appropriate official examination, signs of the relevant organism, or if this requirement can also not be met;					
109.	plant growth regulator		Commission Directive 94/37/EC of 22 July 1994 amending Council Directive 91/414/EEC concerning the placing of plant protection products on the market, Annex				augu augšanas regulators
110.	plant health		Commission Directive 94/3/EC of 21 January 1994 establishing a procedure for the notification of interception of a consignment or a harmful organism from third countries and presenting an imminent phytosanitary danger, Preamble				augu veselība

111.	plant health check		Convention Implementing the Schengen Agreement of 14 June 1985 between the Governments of the States of the Benelux Economic Union, the Federal Republic of Germany and the French Republic, on the gradual abolition of checks at their common borders (1990), Art. 120.3			contrôles phytosanitaires	augu veselības pārbaude
112.	plant health control		Council Regulation (EC) No 1268/1999 of 21 June 1999 on Community support for pre-accession measures for agriculture and rural development in the applicant countries of central and eastern Europe in the pre-accession period			contrôles phytosanitaires	augu veselības kontrole
113.	plant health inspection		Council Directive of 21 December 1976 on protective measures against the introduction into the member states of harmful organisms of plants or plant products (77/93/EEC), Preamble				augu veselības pārbaude
114.	plant health		White Paper: p.30				augu veselības

	inspectorate, State Plant Protection Service						inspektorāts, Valsts augu aizsardzības dienests
115.	plant health risk						augu veselības risks
116.	plant passport	DFE: Any document, label, seal, stamp, mark or other indication which gives evidence that the provisions of this Directive related to plant health standards and special requirements are satisfied, and which is standardized at Community level for different types of plants or plant products, and officially issued or endorsed for that purpose. DRE: Commission Directive 92/105/EEC establishing a degree of standardization for plant passports to be used for the					augu pase

		movement of certain plants, plant products or other objects within the Community, and establishing the detailed procedures related to the issuing of such plant passports and the conditions and detailed procedures for their replacement, OJ L 4/93, p.22					
117.	plant pest		Council Regulation (EEC) N° 2092/91 of 24 June 1991 on organic production of agricultural products and indications referring thereto on agricultural products and foodstuffs, Article 7				augu kaitīgais organisms
